BRIEF ABSTRACT OF LETTER.

With refee to the correspondence ending with this office no: 4048 and 6112-2 of 5-12-12 forwards a copy of letter from the President of the Kadur District Board recommending sanction to the opening of an Ayurvedic dispensary at Santalkeri at a cost of Rs 35 per mensem and states that he is not in favor of the proposal.

NOTES AND ORDERS.

The Senior Surgeon has always been discountenancing the System of Ayurvedic treatment by native Vaidyas. The principle on which grant have been sanctioning Vaidyasalas and Unani dispensaries is explained in para 6 of G.O No. 1-42 Judy of 6.10.1908.

No provn has been made in the D.I Budget estimates of the Kadur Distt for 1914-15 Rd by the President of the Distt Board. It is a question whether a sum of Rs 420 is not too much for a Vaidyasala per annum.

B.S 4 The Officiances of the D. Board of Kadur are far from Satisfactory. It cannot afford this recurring expenditure ~~even if it is quite a dead~~ and this item will have to be avoided if, at all, it could be. As the opening of travelling dispensaries under the Auspices of the Malnad Sup. Committee is likely to serve a better purpose, the Senior Surgeon's view may probably be accepted in this case & Sanction refused.

Sir,

Adverting to the correspondence ending with your letter No. 4048-Med.61-12-2 dated 5th December 1912, I have the honor to forward herewith, for orders, copy of letter No. 2819 dated 9th April 1914, from the President, District Board, Kadur, requesting me to obtain the sanction of Government to the opening of an Ayurvedic Dispensary at Santeveri at a cost of Rs 35/- per mensem, as resolved by the District Board at their meeting held on the 22nd August 13.

2. In the absence of any recognised standard to judge of the capacities of Ayurvedic Pandits, we have merely to accept the statements of the Pandits themselves as to their qualifications. There are several Pandits who profess to cure every incurable disease but their statements will not stand the test of performances. Our people are prone to accept everything that may be represented as hailing from the ancestors. The choice of the District Board of Kadur, who represent the interests of the inhabitants of Santeveri, is likely to fall on a Vaidyan who commands the greatest amount of influence among the members of that body, irrespective of his actual capacity or utility to the sick.

Furnishing Opinion in the matter of Opening an Ayurvedic Dispensary at Sandoor

3. For these reasons I am not in favour of the proposal of the District Board. I append extracts from the remarks made by three of my predecessors in office in connection with the establishment of these Indigenous Dispensaries in the State, which speak for themselves.

4. I may add that when the Government will sanction the opening of Itinerating Dispensaries in connection with the scheme for the improvement of the malnad tracts, Santeveri will be brought in the range of one of these Dispensaries.

I have the honor to be,

Sir,

Your most obedient servant,

J. Cunningham

Senior Surgeon, Mysore Government.

" * * * * * * it is undesirable to employ men of the kind referred to (Pandits) as they have had no medical training and there is no guarantee whatever that they possess a proper knowledge of the drugs they dispense nor of the diseases they are supposed to treat ..... Without any personal bias against these Pandits, I am of opinion that they are quacks and charlatans and ought not to have any State recognition."

Extract from letter No. 57 dated 17-7-07 from Lt.Colonel Drake Brockman, to the Offg Secretary to the Government of Mysore.

" * * * * * * * In conclusion, I repeat that it would, in my opinion, be a most retrograde step for an enlightened Government such as ours, to take in this 20th century, and a most dangerous experiment to make on other just as important grounds into which it is needless for me to enter here. * * * *"

Offg. Secretary to Government General and Revenue

Departments in Mysore, Bangalore.

SIR,

With reference to Government Order No. 556-8/Med. 44-13-82 dated 13-7-1914 accepting the views of the Senior Surgeon that the proposal to open an Ayurvedic Dispensary at Santhaveri is not a suitable one and that Santhaveri is likely to be better served - by one of the Itinerating Dispensaries proposed in connection with the scheme for the improvement of the Malnad, I have the honor to state that it was originally proposed in this office letter No. 905 dated 21-9-1912 to the Senior Surgeon in Mysore that a sub Assistant Surgeon might be deputed to visit Santaveri once a week to give medi--cal aid to the people of that place ; but the Government in their --

docket No. 4048/Medl.61-12-2 dated 5-12-1912 to the Senior Sur-
-geon in Mysore observed that the weekly visits of a sub Assis-
-tant Surgeon will not be of good use to the patients and suggested
that the District Board might arrange to open an Ayurvedic Dis-
-pensary at the place.

It was in pursuance of the instructions contained in the letter quoted above, the subject was placed before the District Board and a recommendation made to the Senior Surgeon for the opening of an Ayurvedic Dispensary.

However as the Government have been pleased to accept the views of the present Senior Surgeon as to the doubtful utility of an Ayurvedic Dispensary, the oreders of Government have been communicated for information to the Honorary Secretary to the Bababudan Planter's Ass-o-ciation at whose instance this questi-
-on originated.

I have the honor to be,

Sir,

Your most obedient Servant,

President, District Board,

Kadur District.
